SEIU WOU82 Bargaining RALLY

Friday, December 15th 12:00 At The WUC

Rally with WOU 082!

'Twas the Night Before Bargaining'

Adapted from 'Twas the Night Before Christmas By Clement Clarke Moore

'Twas the night before bargaining,
when all through the campus and state
SEIU WOU082 SEIU higher ed staff awaited their fate.

With contracts in hand and demands in their sight,
They bargained and aimed for better wages, all through the night.

When out on the campus there arose such a clatter,
SEIU WOU082 sprang into action to see what was the matter.
To the bargaining table, they swiftly made their way,
Determined to fight for better pay.

The moon on the breast of the Oregon sky,
Shone down on our members as they stood firm and high.
In the cold winter air, they made their demands,
For better working conditions and wages
to survive throughout the land.

Lunch provided!

With unity and strength, we spoke with one voice,
Seeking respect and fair wages, it's our top choice!

Show up and support our bargaining team!
